Plascon launches new 250ml Tester Pots

Plascon is now providing consumers with an easy, cost-effective way to try out colour combinations and product finishes with the launch of their 250ml Tester Pots.

The Tester Pots are available in two finish variants, the Plascon Cashmere range, offering a plush matt finish that is opulent and classy and Plascon Double Velvet, which gives a luxurious velvet sheen finish. Tester pots can be tinted into any of Plascon's Inspired Colour system colours, offering over 1400 colours. Plascon tester pots will be available at selected retail stores.

Plascon has developed a number of tools to guide you into making magnificent colour choices for your space. Visit www.plascon.co.za and be inspired by their forecast colour, visualiser and a host of painting tips and techniques.
